St Michaels operates a 'Gate to Gate' policy. This means that mobile devices should not be removed from bags or used between entering the gate in the morning and leaving the gate at the end of the day. Phones may be used in the car park where pupils may need to contact parents to arrange collection. If a pupil needs to make a call or send a message to parents during the school day, they should go to the office or speak to a member of staff who will arrange for them to do so in a space away from other pupils using the school phone. Electronic devices does not just refer to mobile phones, it *includes Smart watches and exercise trackers such as FitBits*.

Where pupils make the choice to use a mobile device without permission whilst in school, the following sanctions will apply:

| Confiscation          | Collection  |
|-----------------------|---|
| First in a half term  | Collected by pupil at the end of the day          |
| Second in a half term | Collected by a parent the following day           |
| Third in a half term  | Collected by a parent at the end of the Half Term |

## Behaviour Policy

We would like to take this opportunity to say thank you to all our fantastic pupils, who have taken the changes put in place in their stride. This includes the introduction of the new behaviour system; over 13,000 CC's have been given since the new system started this half term, which is over half of the CC's given this academic year, and in a recent survey staff working in the classroom said the new policy has made a positive impact in lessons and around school. Thank you also to parents for all the support over this process, it has been very much appreciated.

Community Credits will be awarded against the PROUD acronym, which we have used this half term, this is the update to it:
